**Stop The HIT Coalition Statement on the
2017 American Health Care Act.**

The [Stop The HIT Coalition](#), which represents millions of small business owners, their employees and the self-employed, issued the following statement in advance of the vote by the U.S. House of Representatives on the *2017 American Health Care Act*.

"We are encouraged that the legislation includes immediate and permanent repeal of the Health Insurance Tax (HIT). If Congress doesn't immediately act to fully repeal the HIT, millions of hardworking Americans - especially small business owners - will continue to see higher health insurance premiums while their bottom lines drop. Congress should embrace solutions that encourage America's entrepreneurs to grow and succeed – repealing the HIT once and for all is one of them."
